SUMMARY

I'm a passionate web developer with a solid foundation in frontend technologies and UI/UX design. I enjoy building responsive, user-friendly applications that solve real-world problems. With strong communication and leadership skills—shaped through roles like class representative and event coordinator—I thrive in team environments and take initiative to support and guide others.

PROFESSIONAL SKILLS

Problem Solving
Logical Thinking

Team Collaboration
Communication

Visual Design

PROFESSIONAL EXPERIENCE

Skill Academia, Virtual, HR Jan 2024 - Present

- Effective Communication: Ability to convey ideas clearly, inspire teams, and foster open dialogue for better collaboration.
- DecisionMaking Skills: Analyzing complex situations, weighing options, and making informed decisions under pressure.

Hackathon Coordinator — HACK{O}LUTION JUNE - 2025

- Coordinated a 36-hour hackathon alongside core team members and admins.
- Managed logistics, participant support, and team registration.
- Ensured smooth execution of event with 100+ attendees.
- Gained hands-on leadership, planning, and crisis management skills.

Google Cloud Career Practitioner Program (GCCD)

- Selected for the prestigious GCCD program focused on cloud computing and real-world problem-solving using Google Cloud tools.
- Gained hands-on experience in cloud fundamentals, infrastructure, and deployment.
- Demonstrated commitment to learning and upskilling in modern cloud technologies.

PROJECTS

Weather App

- Created a weather checking app using HTML, CSS, and JavaScript.
- Integrated with a public weather API to fetch real-time data based on user input.
- Styled with a gradient background and made mobile-responsive.

ECommerce Website

- Developing a product listing website with category filters, search functionality, and Razorpay integration.
- Admin panel included for managing product uploads and updates.
- Fully responsive UI with modern frontend design.
